DISPATCH NO. PAS-A-127

CLASSIFICATION

TO : Chief, Foreign Division &
Attention: []
FROM : Chief of Station, Vienna []

DATE: 26 December 1960

SUBJECT: GENERAL - CIG Operational Matters - Priority []

SPECIFIC - CIG Interrogation Reports of Milan SYROBODA
and KAMAR

Ref. codes: MAY-A-6577, MAY-A-6960

1. Attached are copies of CIG reports 3-3776, dated 1 November 1960, and 3-3784, dated 11 December 1960, bearing on the operation run by Granner 9's office in behalf of CIG Upper Austria.
2. Milan SYROBODA was carried as source #40 in Granner 9's office. He was arrested on our request on 12 October 1960. Inasmuch as he has now been revealed as a fabricator of intelligence reports, court proceedings are envisaged against him and his associates by the 66th CIG district in Germany, in cooperation with CIG Land Salzburg and Upper Austria.
3. The SYROBODA case proved to be an effective eye-opener in Foley's Upgrade activities and may have a beneficial effect on the working methods of G-2 agencies. CIG Land Salzburg attempted to identify KUTZIL, mentioned in paragraph 2 of MAY-A-6577 as an alleged courier of SYROBODA. Inasmuch as the interrogations thus far failed to reveal what role KUTZIL played or whether KUTZIL is a real person, on the assumption that KUTZIL may be a SYROBODA contact even to the ZAKO group, Hugo JAKX, an indigenous employee of CIG Land Salzburg received instructions from his CIG superiors to contact Niklas KORTCHAY or ZAKO to find out whether they have had any contact with KUTZIL. JAKX met KORTCHAY at Zell Am See on 17 December and the latter admitted that his group had contact with a Czech named KUTZIL, but was unable or reluctant to furnish more information on this individual.
